6. Things to Bring

- Student ID card
- A plain black or white T-shirt
- Attendance Card (either by presenting a screen-shot or a print-out of the attendance card)

7. Note

- ① Please complete answer the web-based screening and make a reservation in advance.
- ② When you undergo a chest X-ray examination, you have to take off an underwear on the top half of your body (brassiere, camisole, etc). If you want to wear a T-shirt when having your examination, bring a plain black or white T-shirt with you.
- ③ Wear a mask (recommended)
- ④ Please check your body temperature before medical examination (If the temperature is higher than 37.5 degrees, you are not allowed to take an examination).
※If you do not cooperate with the above, you may not be able to receive medical examination.
- ⑤ Visiting Researchers and Research Fellows are not eligible to take this check-up.
- ⑥ You can issue a medical examination certificate for students who have taken regular medical examinations. Examples of the need for a medical examination certificate include clinical and educational practices, and employment activities.
- ⑦ If you need any special assistance, please contact the Student Support Section by e-mail in advance.(e.g., physical disability, mental disorder, chronic health condition, development disorder, gender dysphoria and/or religious issues).
- ⑧ Depending on the results of the medical examination, you may be guided to see a doctor on the same day.
- ⑨ For first-year undergraduates, there will be a support corner provided by a public health nurse on the day of the medical examination.
